Dear Parent / Guardian,

The "Skills Academy" led by Mark will continue to offer after-school Gaelic football sessions for pupils in P1-P5. However, during term 2 and 3 after-school Gaelic Football for pupils in P6 and P7 will be led by Mr McCoy and Miss Murphy. It is open to all boys and girls in Primary 6 and Primary 7 and there is no charge, however pupils must have a strong interest in the sport and a desire to improve their skills if they want to take part. Please read all of the information below. This information has also been explained to the children.

Girls' football will be on Tuesdays @3-4pm and boys' football will on Thursdays @3-4pm. This is to commence from next week (23/01/24 & 25/01/24). Training will still take place on days when there is light rain, however, if it is very wet, we may have to cancel the session. If this is the case, the school office will attempt to make contact with parents and a notice will be posted to the school website. All pupils must have the necessary training gear. This includes football boots, a gum shield and water bottle.

It is requested that all children are picked up promptly at the front gate @4pm. Once your child has returned their note they are part of the training panel and should they not be able to attend a session for whatever reason, then a note or phone call to the school office must confirm this. If your child's pick-up arrangements are different to those listed on the reply slip on any given week, this should also be communicated with a note or phone call.

Please complete and return the reply slip below to acknowledge that you have read all of the information in the note and wish your child to take part. We look forward to working with your child for the rest of this year, helping them to develop their skills and have some fun!

Regards,
Mr P McCoy & Miss N Murphy
